ELECTION OF INVENTION UNDER 35 U.S.C. §121

Mail Stop Amendment  
Commissioner for Patents  
P. O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

Applicants file this Election of Invention in response to the Examiner's Office Action of September 30, 2004, indicating that pending claims 1-13 and 15-18 are subject to a restriction requirement. Applicants file this Election of Species within the shortened statutory period for reply of one (1) month set in the Office Action.

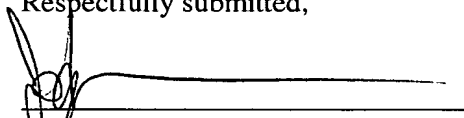

The Examiner has required a restriction among inventions drawn to:

- I. Claims 1-12 and 15-18, drawn to a system for making measurements, classified in class 73, subclass 152.01+.
- II. Claim 13, drawn to a method of acquiring data from downhole, classified in class 73, subclass 152.01+.

Applicants hereby elect the invention of Group I for prosecution in this application. This election is made without traverse.

Applicants expressly reserve the right to subsequently amend claim 13 so that the amended claim falls within Group I or to submit new claims drawn to a method of acquiring data from downhole that fall within the invention of Group I.

Respectfully submitted,

Jody Lynn DeStefanis
